

## Final report to Fondation Eagle

### Construction of 3 classrooms at AIC Technical Training Institute,

#### Naivasha, Kenya

**Fondation Eagle Reference:** FF 490-11

**Name of Charity:** Footsteps International (UK registered charity number 1091026)

#### **Introduction**

In 2019, Fondation Eagle awarded a grant of £18,584 to Footsteps International for the construction of three new classrooms at the AIC Naivasha Technical Training Institute, Naivasha, Kenya.

The project was completed successfully and the classrooms are now in use. During their visit in February 2020, Footsteps trustees visited the completed classrooms and talked to students and staff. The students were extremely pleased with the new facilities, and the staff explained how the new classrooms had made teaching easier, and had enabled them to implement 3 intakes a year which has resulted in increased student recruitment this year.

Once again, the management team and students expressed their thanks for the generosity of Fondation Eagle in making this possible.

On completion of construction, a balance of £1,075 remained unspent from the grant, and Fondation Eagle kindly allowed NTTI to spend this on much-needed tools to assist their vocational courses.

#### **The project:**

The following items were purchased with the balance of the grant:

##### **Item**

1. Industrial straight sewing machine
2. Industrial overlock machine
3. Instantaneous water heater
4. Engine diagnosis machine

**Challenges and achievements:**

The equipment was purchased and is now in use (or will shortly be) at NTTI.

**Project beneficiaries:**

The photos were taken by Footsteps International trustees Martin and Mary Print during their visit to NTTI in February 2020. The photos show:

1. Industrial straight sewing machine
2. Industrial overlock machine
3. Water heater being installed for the Cosmetology department (above Footsteps trustee Mary Print).
4. Engine diagnosis machine

**NTTI director Rev Simon Kinyanjui writes:**

*We wish to sincerely express our gratitude to Eagle Fondation for the gesture extended to our institution AIC Naivasha Technical Training Institute with the construction of three classrooms.*

*This notwithstanding, the money that remained after completion of the three classrooms, you allowed us to purchase identified equipment to help improve training in specific course areas.*

*The trainers and learners are very appreciative of this gesture and are wishing you well in your daily endeavours.*

**Expenditure summary:**

The table below shows the equipment purchased and the price in KShs, converted to GBP at GBP 1= KShs 130 from the balance of the grant (£1,075):

<b>Item</b>	<b>Kshs</b>	<b>GBP</b>
1. Industrial straight sewing machine	35,000	£271.00
2. Industrial overlock machine	38,000	£295.00
3. Instantaneous water heater	32,000	£248.00
4. Engine diagnosis machine	30,000	£233.00
<b>Total</b>	<b>135,000</b>	<b>£1,047.00</b>

**Project Results:**

The new equipment has provided a boost to the students and staff, helping NTTI to provide modern, relevant training to their students. Three departments have benefitted – garment-making, cosmetology and motor vehicle mechanics.

**Conclusion:**

On behalf of both NTTI and Footsteps International, we thank Fondation Eagle for their support which will help not only the current students, but those who will train at NTTI in years to come.

Signature:  Date: 12 March 2020
