**Construction of the Akondromainty Health Centre in
Madagascar
(FF 484-05)**

Addition to Final report

June 2021

**Feedback Madagascar/Ny Tanintsika (FBM/NT) –
The Eagle Foundation**

Introduction

The Eagle Foundation funded the project to re-build the Akondromainty Health Centre level 2 ("CSB2") in the village of Akondromainty in Kalafotsy rural municipality, Ikongo District, Vatovavy Fitovinany Region of Madagascar in June 2019. The project was successfully completed in June 2020, and a final report sent. It was agreed that the underspend, amounting to 14,670,025 MGA (around £3,278), be used to purchase and transport an additional 8 metal beds and mattresses to the Akondromainty Health Centre, since the 10 originally budgeted for and provided were insufficient for needs.

This report provides details on achievements and photos of the centre fully furnished/equipped and operational.

Expenditure

The remaining funds were spent on the purchase of an additional 8 metal beds and 8 mattresses which conform to medical standards (washable covers, etc.), and their transport to and installation at Akondromainty Health Centre in October 2020. They also covered the cost of some additional retouches to the building work, notably painting and some minor adjustments, carried out by the builders in November 2020.

Details are as follows:

Date	Libellé	N° PJ	Montant (Ariary)	Libellé
13/08/2020	1ère tranche sur achat lit métallique et matelas	01NT/08/20	6,108,000.00	Meuble et divers
